The Banabans reject the offer. Apparently the nine sides on the dollar are meant to represent each of the nine islands and atolls composing the Tuvalu chain.

## BBC News

It became apparent that the Elliceans were concerned about their minority status on the Gilbert and Ellice Islands Colony, and the Elliceans wanted equal representation to that of the Gilbertese. The Islands were formally brought under British protection in 1892.

## Gilbert and Ellice Islands

The process was completed in 1916.

Departmental Organization of the Colony. In October, 1975, these islands were divided by force of law into two separate colonies, and they became independent nations shortly thereafter: The Ellice Islands became in 1978, and the Gilbert Islands became part of in 1979.
