## The Coronavirus's Economic Effect On Sports Could Be Staggering

Dr Andy Cooke, Nottingham Trent University The central theme that characterises sports economics is that competing teams must co-operate, to some degree, for a meaningful schedule of matches to take place. Here, the most popular sport is football — and the new NFL season is getting underway, just so you know.

## The Coronavirus's Economic Effect On Sports Could Be Staggering

As sports betting becomes more and more reliant on technology, you have to wonder what sort of an edge there is to be gained by bettors who are more analytically adept. The case that finally did the trick was Murphy v. And so players were stuck on their teams.
