## Advance Directives and Advance Care Planning: Legal and Policy Issues

Respecting Parental Responsibility 88, 89. Some four million scientific specimens include Paleozoic fossils, gems and minerals, rock drilling cores, vascular plants and fungi, insects and insect galls, birds eggs, and mammal skins.

## Pew Research Center

Underlying this trend is the assumption that competition for managed care contracts will increase the supply of health care providers in low-income communities.

## Addressing New York's New Abortion Law

This is not mere fanciful speculation.

## Timeline

Maisel; 91 pages; also published in several later editions.

## Federal :: Protecting Statutory Conscience Rights in Health Care; Delegations of Authority

Labor leaders and policy intellectuals believed they could make change from within the system and so did not need the organized activity of union
