### Lightning Myths

Anywhere outdoors: You can take shelter in a car or other safe shelter, but not a tent. For example, German physicist Wilhelm Richmann George died of shock while experimenting with a lightning rod for his invention.

### Who Believes in Prayer?

He gives currency to the common slanders against the Jews, and then at great length cites passages from the Church Fathers, to show in what detestation they held that people. Materials suitable for use in lightning protection systems are listed, labeled, and tested according to UL Standard 96. Lightning rods do not attract lightning; they simply divert lightning strikes from causing direct-strike damage to nearby areas.

### Electrical Grounding, Surge and Lightning Protection

While most people seek shelter if lightning appears to be near, people commonly wait too long to seek shelter. Peter's Church chose to remain remote despite the state lifting its stay-at-home orders June 4. Keep playing until the thunder and lightning get closer? A typical case was that of the tower of St.

### Who Believes in Prayer?

You spend a few minutes warming up and then—wait! Grounding electrodes must provide the proper earth contact to disperse the charge and satisfy requirements for life cycle suitability in various soil compositions. A ground loop is required for every structure exceeding 60 feet in height. Reginald Woullard of Shady Grove Baptist Church in Hattiesburg, Mississippi, said it would be nice for churches to gather in person, but members can still worship as a community online.

### When Thunder Roars, Go Indoors!

Feryll June 12, 2014 When I was a kid we would have big thunder and lightning storms during the summer--almost every afternoon or evening. Was that a lightning flash? Then, carefully so as not to hit your partner! First aid: How will you treat the injured? Saint Benedict While there are many saints who protect us from physical dangers, there are also saints who protect us from spiritual dangers. The lightning protection Standard

780 is reviewed on a three-year cycle for updating.
