## Seiter, Correctional Administration: Integrating Theory and Practice, 3rd Edition

And, out of the great achievements of 19th century penal and legal reform, flowed an unintended consequence: the ideal of being a liberal in this field became associated, subtly and insidiously, with ensuring the fair treatment of suspects and criminals, detached from an equivalent concern with victims.

## Seiter, Correctional Administration: Integrating Theory and Practice, 3rd Edition

It's not wasted, it's making a real difference to real lives. During this time, he wrote two textbooks, published several articles, and expanded the program and course offerings at SLU.

## Seiter, Correctional Administration: Integrating Theory and Practice, 3rd Edition

Over the past 50 years, the detection rate almost halved. Most people would accept there is a gap between what the public expects in terms of society, the behaviour of others, and the CJS regulating or dealing with such behaviour; and what the public gets. The truth is there have been improvements, there has been progress, but the gap between what the public expects and what the public sees is still there.

## Health

Criminality, for them, was entirely a matter of individual wickedness. That means not disrespecting civil liberties but re-assessing what respect for them means today and placing a far higher priority, in what is a conflict of rights, on the rights of those who keep the law rather than break it.
