In addition to traditional treatment methods, Dr.

Dr. Gabriela M. Vargas

A stress-free, comfortable consultation with our doctors can help to alleviate your discomfort and concerns. If any are found, we can often remove them during the procedure before they pose any health threat. A proctologist sees a variety of conditions in the course of his or her practice, and also often works closely with urologists, who handle the urogenital tract in males and the urinary tract of women.
