decide on issues such as strategy and post-war goals.

Invasion of Poland, Fall 1939

The last resistance ended on October 6. The last German offensive on the Western front, the Operation Wacht am Rhein , was an offensive launched towards the port of in December 1944.

Blitzkrieg

If Day was successful enough to spark imitations in other communities. Combined tank, artillery, infantry and air forces were used. .

The Blitz begins as Germany bombs London

An estimated 40 million people worldwide saw coverage. In 2003, John Mosier wrote that while the French soldiers in 1940 were better trained than German soldiers, as were the Americans later and that the German army was the least mechanised of the major armies, its leadership cadres were larger and better and that the high standard of leadership was the main reason for the successes of the German army in World War II, as it had been in World War I.
