How to Make 52 Homemade Musical Instruments

Here are some of our favorite musical instruments kids can create using just what you have on hand: The Guide Shaker: Put rice in a recycled container, secure the lid, and shake! Kids will also need strong and nuanced communication skills in order to work well in peer groups and manage relationships with authority figures, critical parts of life in classrooms and beyond. She also tried to play the theme song of a movie — can you guess which song it is? Resonance is the idea that objects have certain frequencies that they vibrate at most easily. For future challenges, or sign up for the outreach newsletter to receive email reminders.

Make Your Own Musical Instruments

Try tapping using a wooden spoon or other stick for a different sound.

Challenge No.2

Share your design with us! Explore and experiment: You can try playing many different notes on this.

10 Easy

You can make a sound through vibrations — using our bodies try humming , or using a musical instrument. Why not take it a step further and construct an for your kids like this one from? You can use just about anything to make your instrument.
