### Evidence

I mean the challenge, which we think we crack but we don't really crack is engagement.

### Implementing the New Care Models in the NHS: Reconfiguring the Multilevel Nature of Context to Make It Happen

Evaluation Journal of Australasia, 8: 3—13. Transforming Adult Social Care: Contemporary Policy and Practice. The Conceptual Model for Evidence-Informed Policy Formulation and Implementation was empirically useful to organize the data.

### NHS England » Change Model

The Health and Social Care Act HSCA 2012 in England which is the legislative basis for the current NHS structure led to significant changes in the organisation of the NHS.

### Policy implementation in practice: the case of national service frameworks in general practice

Some vanguards due to insufficient funding, and transformation funding will now also need to support all 44 STP footprints. This work received no direct funding, but it has been informed by projects funded by Asthma UK, the NHS Service Delivery Organisation, NHS Connecting for Health Evaluation Programme, and Patient Safety Research Portfolio.

### Policy implementation in practice: the case of national service frameworks in general practice

Focus is often on testing and refining theory on the basis of case study findings. There are various conceptualisations of context which reflect the variety of different perspectives exploring the recursive relationship between human action and the wider organisational and system context ;.
