Colors in Nature [POEMS ABOUT NATURE]

This showstopping necklace is animated by seven colorful gemstone varieties inspired by the vast spectrum of colors of our world. All products manufactured by Colors of Nature are vegetarian, i. Come and explore the world of color in this immersive exhibition opening at NHMU on February 26, 2022.

About

The sterling silver and 18k yellow gold vessel that holds it, intricately beaded and punctured with holes, also evokes the spirit of nautical life. Interspersed between the gemstones are geometric 18k yellow gold-framed rock crystal panels, each showcasing an important oval diamond which is seemingly floating atop the surface. For instance, ingredients such as carmine are not acceptable ingredients for use in the Color of Nature products as they require the destruction of these living organisms in order to fulfill an aesthetic function.

COLORS OF NATURE

The Colors of Nature project blends art and science through programs for students, families, and educators.

Colors of Nature High Jewelry

Find out how objects can produce color in many different ways, depending on how they interact with light, and how people have searched for pigments and dyes to make their lives more colorful, in the blue room. The 2021 collection is a mesmerizing journey through abundant landscapes and seascapes, the sky and the stars, elevating the familiar with a painterly palette of rare gemstones that become works of art. Find out about how colors can create shared identity and the many uses of red throughout human history, from cave art to college sports, in the red room.

About

Colors of Nature was born in 2007 as a project with the goal of creating alternatives for social and economical development in rural areas of Colombia. Feeling Color Which colors make you feel good? The Colors of Nature: Culture, Identity, and the Natural World Editor and Lauret E.

Colors in Nature [POEMS ABOUT NATURE]

What You'll See in The Nature of Color Color comes from light.
