Safety Measurement System

For the purposes of this section, conviction has the same meaning as used in. Because the regulations do not require the presence of a human driver or operator, FMCSA will interpret its regulations to no longer assume that the CMV driver is always a human or that a human is present onboard a commercial vehicle during its operation, provided that the vehicle is equipped with a Level 4 or Level 5 ADS and is operating within its ODD in the case of Level 4.

Federal :: Qualifications of Drivers; Vision Standard

Onsite focused investigations will not result in Satisfactory safety ratings because not all regulatory parts are examined.

49 U.S. Code § 31102

Absent an FMVSS, how could standard indications be provided to enforcement personnel? Next, at a physical qualification examination, an ME would consider the information provided on the Vision Evaluation Report, Form MCSA-5871, and determine whether the individual is physically qualified to operate a CMV safely.

Federal :: Controlled Substances and Alcohol Testing: State Driver's Licensing Agency Non

The audit will also entail vehicle inspections, verification of driver qualifications and an interview with carrier officials to review safety management controls and evaluate written safety oversight policies and practices.
