At the same time, it is also of utmost importance to empower refugees about the rights available to them as they are mostly unaware about the same. These approaches have helped communities towards achieving open defecation free ODF environments; however, it has been acknowledged that ODF status has deficiencies. Bi-annually, the New Practitioners Forum offers a CV Review Program to assist pharmacy students and new practitioners in developing an effective CV.

Identifying these roadblocks would then lead to resource sharing and ideation of innovative solutions to strengthen the refugee protection mechanism in India and in the South Asian region. Objective: The open-source legal Handbook, supported by the KIOS Foundation, was compiled and completed in the first half of 2020. ASHP has the tools to help! It provides common approaches to recovering stolen assets located in foreign jurisdictions, identifies the challenges that practitioners are likely to encounter, and introduces good practices.

Where Sun Meets Water : Floating Solar Handbook for Practitioners

Designed as a how-to manual, the handbook guides practitioners as they grapple with the strategic, organizational, investigative, and legal challenges of recovering assets that have been stolen by corrupt leaders and hidden abroad. However, it was realised that in order for refugees and duty-bearers to begin creatively accessing rights for the community under the Indian legal framework, the need of the hour was to close the knowledge gap that exists amongst legal practitioners.
