As long as ni is used directionally, it is possible to substitute e in its place. We heard later that one died in a bombing raid, and the others were captured and taken to a refugee camp.

Ikite Iru

I found out that, once they trust you, Americans become very open. Although those accounts, too, may seem patronizing in retrospect, many employers gave strong support to their Okinawan employees bound for the front and to their families.

Ikite Iru

If we failed to meet the quota, our 300-gram daily ration of black bread was cut to 200 grams.

261854137

Individuals, families, and organized evacuee groups left industrial centers for suburban and rural areas, where large numbers, especially children, suffered from dislocation and severe food shortages. Catastrophic finale: Air attacks on mainland cities A single atomic bomb destroyed the city of Hiroshima on August 6, 1945, killing some 70,000 within the first few days.
