## The Who

Select albums in the Format field. The Who spent much of 2015 celebrating their 50th anniversary, releasing a new compilation -- the aptly named The Who Hits 50! If they're OK with sounding older, they're not going quietly into the good night: they'd rather sharpen the set list and deliver it with all the energy they can muster and the result is a surprisingly strong show, one that feels like a summation of their enduring strengths while just escaping being a last testament. Sanity is the Home of Country Music - if you're looking for a CD or DVD, if it's available, we will get it for you! Daltrey relaxes into his diminished range and Townshend is comfortable being a curmudgeon, while their supporting band sounds brawny and heavier -- not as spry as classic '70s Who, but a sound that suits the duo's nonchalant acceptance of their seniority.

## Bryan Adams / Live At Hyde Park 2015 / 1DVDR

Copyright © 2021 The Second Disc. As part of the tour that celebrated The Rolling Stones' 50th anniversary celebrations, a new Hyde Park concert was scheduled in 2013, supported by , , and The 65,000 tickets were sold out in three minutes.

## Buy Bruce Springsteen & The E Street Band

BBC Sessions was originally released in 1997 and has been certified double platinum by the RIAA. I am sorry but for a band steeped in pop art that cover is atrocious.

## Live in Hyde Park

To preserve the excitement of the shows while unveiling the performances in today's best available clarity and quality, GRAMMY Award® winning producer Giles Martin and GRAMMY Award® winning engineer Sam Okell have expertly remixed and mastered the recordings at Abbey Road Studios, including the thirteen tracks from the original album produced by Giles' father, plus four additional, previously unreleased recordings from the momentous concerts. That adjective was only applied to the comments, not to the writer of those comments. James Hanson, a

principal at Avison Young, the development firm behind Vue53, said that Target first conducted extensive market research about the Hyde Park area and local consumers before approaching the development project.

### **The Who / Live in Hyde Park deluxe**

Sad times for fans and collectors.

### **The Who**

As for the frank exchange of views earlier, perhaps the first commentator ought to read carefully what the third commentator wrote. And for all this hot air about the right to say this, the right to say that, remember that with rights come responsibilities.

### **The Who: Live At Hyde Park 2015 2CD/Blu**

Loved Naked Eye on the Shea Stadium concert that was released this year for example. The album includes a 24-page booklet with an essay by noted music journalist David Fricke, and its cover art features a sunny photo taken on August 22, 1964 by The Beatles' then-U.
