### The Wicker Man: The Return of the Pagan World

It wasn't even scary, just completely ridiculous on every level. It's the story of a stranger in a strange land.

### The Fan Can

Some if not all of the excised footage has been restored in the 102-minute Special Edition Director's Cut, giving fans of the cult film a new experience. Really well done, and you can see what a labor of love this film was for its screenwriter and director.

### The Wicker Man

Movies The Wicker Man written and directed by Neil LaBute Warner Bros. The two authors worked together on the film, and later wrote this novelization.

### The Wicker Man (1973): 10 Things You Didn't Know About The Cult Movie

The vast majority of the films I watched were on some level crime or noir, with Westerns a close second. If you believe your comment or submission has been removed because it included an Amazon link, please message the mods. I'm not sure what year the book is supposed to take place.

### The novel

If you've been living in a cave the past thirty years, the plot of The Wicker Man goes as follows: Neil Howie, a Scots police Sergeant and fine upstanding Christian fellow, receives an anonymous letter saying that a g Robin Hardy and Anthony Sheffer, The Wicker Man Crown, 1978 The emergence of a rabid cult following for the film version of The Wicker Man prompted the publication of the novel on which it was based. Meanwhile, Deeley contacted Roger Corman in Hollywood, who had seen the wicker man prop at Cannes and subsequently expressed interest in buying the film for American distribution, and sent him a copy of the Long Version of the film asking him to suggest changes to improve its marketability. **The Wicker Man : A Novel by Anthony Shaffer and Robin Hardy (2006, Trade Paperback) for sale online**

Even the movie is not for everyone but I fell in love with the music, and the oddness and I just love it. The deeply religious Sergeant Neil Howie takes on the case, travelling by seaplane and then rowboat to the privately-owned island. Lord Summerisle is a delusional old quack who is on a marvellous power trip and is a law unto himself.

**Ritual, by David Pinner, and The Wicker Man.**

I have to say, even though I knew what was going to happen, I was as equally blown away when reading the ending, as I was the first time I saw the movie.
