The active engagement of all stakeholders is encouraged and enhanced by their involvement and representation in the Implementing Team and Working Group within the SDGs National Coordinating Team. SDGs also strengthen inclusive development process through the involvement of stakeholders, including synergizing with international development partners.

## Indonesia BCSD

Relevant EU policies may need to be revised, including policies on trade, agriculture, competition, use of natural resources, consumer health and protection, in order to ensure coherence and achievement of the SDGs.

## Preserving Indonesia's mangroves crucial for climate change mitigation

. Three working groups will supervise the formulation and implementation of the roadmap in collaboration and consultation with ministries and institutions that have adopted a strategy, management plan, and data related to the mangrove and peatland ecosystem, Rudiyanto said. The program involves cooperation of various stakeholders to provide financing for institutions that apply sustainable finance principles.
