## The U.S. Economy in Charts

Uncertainty about climate risks and the impact of mitigation measures creates a disincentive for businesses to invest. There is very little scope to expand domestic services due to strong competition and a saturated market.

## Measuring Economic Performance

Funds with higher sustainability ratings from Morningstar also receive larger flows, driven especially by environmental concerns.

## Technology helped America's economy way more than we thought

This entails managing the quantity of money in circulation through the buying and selling of various financial instruments, such as treasury bills, company bonds, or foreign currencies.

## The U.S. Economy in Charts

Individuals out of the labor force were also more likely to spend their checks than either employed or unemployed individuals, consistent with motives of consumption smoothing and hand-to-mouth behavior.

## Major Economic Indicators

The novel coronavirus outbreak was declared a national emergency in the US beginning March 1, 2020, with states imposing various levels of lockdown measures. Only so much of a given good can be made because of the scarcity of wheat.
