### Field Assistance Bulletins

It depends on many factors, including state and federal law. In addition to federal leave, some states have enacted family and medical leave legislation. The Employee Retirement Income Security Act oversees employers' pension plans and the required fiduciary, disclosure, and reporting requirements.

**Oklahoma**

An employee need not be out for more than three days nor actually visit a doctor to qualify for time off under this subcategory. The facts always dictate whether a particular employee's situation constitutes a serious health condition or not.
