In general, if there was an obvious profit to someone as the result of a notice, such as the return of property including serfs , that profit paid for the

advertisement. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905. It also noted that all state servitors in the province were required to receive a copy of the newspaper.

The experience of a decade of their development apparently led to concern that things were not properly controlled. In many ways, these advertisements complemented the second section, which included notices of found property, including documents, physical objects or, in its notices about vagrants, runaway serfs, that had been brought to the attention of provincial authorities. Stoddard, Morphology and the Book from an American Perspective.
