The Best

This is true of every fund, even the most popular investment funds. Small-Cap fund managers had far greater success at beating the benchmark than U. Past performance of a security may or may not be sustained in future and is no indication of future performance.

[PDF] Performance evaluation of the UK equity unit trusts : does active management add value?

Conversely, that also means investors take on more risk with FBIOX than they would with a large-cap healthcare fund. The longer-term impact of the pandemic on UK dividend-paying companies will take several years to play out.

Bookmark

Past performance is no guarantee of future results. The percentage return shown is the total return figures which assumes all income and dividends are reinvested. Only funds with a minimum 15-year history were included in the comparison.

UK Equity Income Fund Sector Performance and Review

Only 30% of them managed to beat the median while 23% ended up in liquidation or had a style change. You must buy and sell Vanguard ETF Shares through Vanguard Brokerage Services we offer them commission-free or through another broker which may charge commissions. GAAEX is advised by Guinness Atkinson Asset Management Inc.

Longboard

However, their recent success was not enough to offset previous underperformance; 92% of large-cap growth, 74% of mid-cap growth, and 75% of small-cap growth funds underperformed over the past 15 years.

SPIVA® Europe Mid

The fund has a slightly different objective to other income funds. Volatility is likely to persist in the near term, especially while the UK continues to battle the pandemic.

SPIVA® Europe Mid

Fund Manager Main fund managed Sharpe ratio Nigel Ashfield Freehold Income Authorised 1. The Overall Morningstar Rating for a managed product is derived from a weighted average of the performance figures associated with its three-, five-, and 10-year if applicable Morningstar Rating metrics.
