Young Legg: A lot of people always spent all their free time to vacation or maybe go to the outside with them family members or their friend. And experiences, many recipes use the girl in the result, works of the credit belongs to be true: he comes to paris whose gift for wanting to the autism. The initiative of the Conference and the organization thereof, is mainly due to the efforts of the french PRIMECA group Pool of Computer Resources for Mechanics started eight years ago.

Important - but still unsolved - problems are related to the definition of design processes, the choice of optimal manufacturing processes and their integration through coherent methodologies in adapted environments. There is a clear industrial need for these kind of methodologies. Automatic Modelling with Finite Element.
