Fortress Introduction to Black Church History: Anne H. Pinn, Anthony B. Pinn

In the midst of widespread theological accommodation to the powers that be, Evans blazes alternative trails that are still worth following not only in the black churches but in all churches, inviting us to take our own struggles for liberation and the divine as seriously as the African-American communities that have gone before us. He also amplifies keynotes from other disciplines such as practical theology, cultural studies, and pedagogy. Pinn and Monica Miller, co-guest editors, special issue on Religion and Hip Hop Culture, Culture and Religion, Volume 10, Issue 1 March 2009.

Anne H. Pinn

Moral Evil and Redemptive Suffering: A History of Theodicy in African American Religious Thought.

Fortress Introduction to Black Church History

With photos, timelines, profiles, and additional readings, Pinn and Pinn ably explain the evolution of black Christianity into the groups we know today. In his analysis of often overtly Christian sources, Pinn finds meaningful support for the historical legitimacy of Black humanism.
