### A Timeline of Modern World History (History 11051)

The siege also marked one of the first times that artillery was used in combat, and the recapture of Constantinople remained a Christian pipe dream for many years after, though the Age of Crusading was at an end. During this time, the European powers began expanding their political, economic, and cultural influences to the rest of the world. By the late 16th century, from the Americas accounted for the Spanish empire's wealth.

### The Modern World View vs the Traditional World View: A very quick guide

It was a remarkable change for an empire famous for its many wars and militarism. The October Revolution changed the course of World War I, set the stage for World War II, the rise and decline of Fascism, the spread and eventual fall of Communism, the Cold War, and decolonization, and became the inspiration for many more uprisings for years to come, such as the communist revolutions in Germany, Hungary, Mongolia. The Swahili people themselves were the inhabitants of the East African coast from Kenya to Mozambique who traded extensively with Asians and Arabs, who introduced them to Islam.

### The History of the Modern World

. Not only did it shape the entire modern world as we know it and pave the way for capitalism to conquer feudalism, it set the stage for revolutionary uprisings and changes in all parts of the globe.

### Human history

In discussion activities, students respond to diverse opinions, take positions, and defend their own claims.

### Modern history

The , at the juncture of three continents, fostered the projection of military power and the exchange of goods, ideas, and inventions. This period not only included the Cold War and its ultimate end, but also the rise of democracy as a global expectation rather than a benefit of the western world. As a result, Islamic civilization grew and expanded on the basis of its merchant economy, in contrast to the Europeans, Indians, and Chinese, who based their societies on an agricultural landholding nobility.
