Relationship between Organizational Culture, Leadership Behavior and Job Satisfaction

When more care is taken to answer questions, address concerns, solve problems, and generally be of help to others, soaring sales are sure to follow. International Employment Relations Review, 38- 56.

How Does Leadership Influence Organizational Culture

Our review of it revealed many formal definitions of organizational culture and a variety of models and methods for assessing it. Employees who are openly shown appreciation at work are happier and more productive.

The Role of Leadership in Shaping Organizational Culture

Ultimately, having the right processes in place—propped up with strong support and supplemented with good attitudes—will drive positive culture much further than field trips ever could.

Organizational culture and leadership

Corporate cultures: The rites and rituals of corporate life.

How Does Leadership Influence Organizational Culture

Whatever the leadership style or the situation or the targeted goal, an organization, and a leader should always act ethically in building strategies because ethics always comes first, and if an organization loses ethics this may lead off losing the trust of followers. Enjoyment is expressed through fun and excitement.
