Each recipe is preceded with a stunning photograph, giving me a visual idea of what to expect, and there were so many recipes that I bookmarked. Nigel Parry's photos are the best part and they'll inspire readers to search out and eat seasonal vegetables. A decade later, the value of a plant-based diet is widely accepted—and yet for many people, easier said than done.

Books

So when I saw this book listed as a Goodreads Giveaway, I had to enter the contest and was delighted to win a copy. The chef clearly has impressive credentials—and the food looks scrumptious—but perhaps he needed a better editor. Please do check it out.

Barefoot Contessa

She also clarifies that the pledge doesn't have to go to extremes. Many of them fit within my current eatin I have lost over 50 pounds since June of 2020 and have rediscovered vegetables in my healthy way of eating.

Weekly Meal Planner

Then why peel the beets? The recipes are straightforward and easily reproduced at home. Recipes I Made: Flash-cured Cucumbers — I am a huge fan of cucumbers. Right from idli, sambar, puttu, pesarattu, ragi mudde, vegetable curries, and gravies, I have it all.

[REQUEST] Cookbook containing mostly vegetable dishes without dairy, meat and grains? Preferably not complete meals, just vegetable dishes. : CookbookLovers

Also, we eat out on weekends. Chiles Rellenos Chowhound Now here come the heavy hitters on this menu.

Overall, it was just OK.

Vegetable Simple: A Cookbook by Eric Ripert

At first glance the stunning photography by Nigel Parry really pops out and grabs the appetite. Well, I guess 'simple' is right there in the title.
