### Healthcare in Iraq

In this communication, we i present molecular data on H. The lizard fauna of Al-Najaf Province, southern Iraq.

### Vertebrates and Invertebrates

The Perch Introduction Section I: Skeleton Section II: External Anatomy Section III: Mouth, Oral Cavity, and Pharynx Section IV: Pleuroperitoneal Cavity and Viscera 5. Technical and Vocational Training Vocational training is a branch of the secondary education system. Although the students have the freedom to choose among the main four branches of vocational education, this right does not exist always in practice, either because of lack of containment of all branches at the vocational school, the geographical distribution of schools, or availability in some places and non-existence of them in others.

### Vertebrates: Definition, Classification and Characteristics

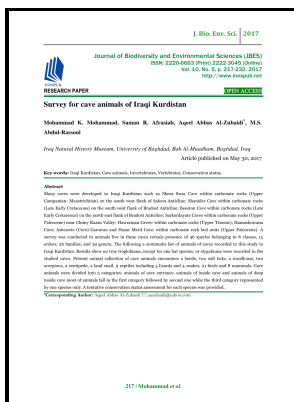

Living species range from the primitive,
