As the SBCA does not maintain quality checks, apartment owners are left on their own when they face issues of faulty material or flawed designs.

**Karachi: Megacity of Our Times**

Thirteen prominent writers of Karachi take the reader through post-independence development in politics, economics, the arts, demography and architecture. Boasting all manner of entertainment venues, Karachi promised a nightlife that could beat any western city. Some of the articles are very personal, evoking nostalgia for the Karachi that was; others are analytical, drawing on available data to predict the course that this turbulent city will take in the future.

He is a management expert and his last assignment was as chief executive of The Pakistan American Cultural Center-the world's largest bi-national centre which he served from 1990 to 2004. No publication on Karachi can ignore the water crises the city faces, so the book naturally addresses this issue as well.
