### Genoa Airport

Arrival via CRJ, we disembarked outside with the stairs and then had a short walk on the tarmac and up a short flight of stairs to enter the jetway of the airport. It's about 25 euros to take a taxi, so if you have 4 people -- better to just take one. It's about 25 euros to take a taxi, so if you have 4 people -- better to just take one.

### Genova

Arrividerci -- was pretty stoked to get the hell out of this airport after waiting in line for 3 hours! Nice little airport, easy to get around and the lines are short! If you are stranded hope it's here! This was an absolute nightmare. In addition, a study is underway, with the support of the Trans-European Transport Network, to build a direct airport passenger link to the nearby railway. You'll most likely fly into here to connect to Cinque Terre I did! Running to flight to board.

### HOME

If traveling up to Northern Italy, this may make a nice alternative to flying into one of the larger city airports. Meals as well were included! Yet, small airports do have their advantages in terms of lesser congestion and enhanced simplicity. Other facilities include the ticket office, a VIP lounge, exclusive lounges for MSC and Costa Crociere cruise passengers, free WiFi, restaurant, 4 bars, a bank, shops, a Fly Safe Bag point, car rental and tourist information office.
