## **Babysitting: Emergencies**

It is important not to expect more from a caregiver than what they have been trained to do.

### **BABY SITTING**

We have both female and male team members, primary and secondary school teachers, exclusive private nannies, scout leaders and nursery managers; all of whom are committed childcare professionals who create days made of magical memories. If you are not happy with your nanny we will replace her. Be sure that both you and the kids know them.

### **BABY SITTING**

Our professional team ensures each child is part of your day or evening and our exceptional standards are the reason parents entrust their children to us. If we are missing the mark, we will take the time to learn what we are missing so that we can better understand your needs and do a better job finding the right match.

### **Baby**

This is not the case.
