Making sense of work and leisure in a

fragmented, imperfect world

This can play into the restructuring of your daily routine—ask one friend to meet you for lunch every Monday, another friend to go walking through the neighborhood with you on Wednesdays and a third pal to grab a coffee on Friday afternoons. This is partly evidenced by reports from the TM organization, which documents hundreds of scientific studies claiming increased IQ, productivity and even increased community peace through meditation. Note: Unfortunately many people in the spiritual community believe that is all that is needed to experience peace and wholeness.

Six Components of a Model for Workplace Spirituality

It is heartening to see more and more businesses openly discussing spirituality as an integral part of their corporate culture.
