## Global Environmental Health and Sustainable Development

This might be because younger generations e. WHAT ARE THE SUSTAINABLE DEVELOPMENT GOALS? Specifically, the support of development is that developed countries enlarge the economic assistance to the developing countries. Non-communicable diseases NCDs , such as heart disease, stroke, diabetes, , and , are of growing importance in low- and middle-income countries.

## What is Sustainable Development and Why Does it Matter?

The 2030 Agenda for Sustainable Development and the SDGs including its 17 Sustainable Development Goals SDGs and 169 targets was adopted on 25 September 2015 by Heads of State and Government at a special UN summit. Strategies and approaches to develop the green economy must therefore be fully gender mainstreamed.

## Goal: a sustainable future

It needs the support and involvement of many different groups and institutions.

## Amazon Sustainability

Table of contents by Angel Gurría, Secretary-General of the OECD Chapter 1. In its Paragraphs 143-157, the outcome document of the Rio +20 Conference expresses its concerns about labour market conditions and the widespread deficits of available decent work opportunities. The Authority also administers the which provides the policy framework for the administration of planning in the ACT.
