### Yasukuni Shrine

In domestic politics this kokutai ideology provided a means for forging a unified folk state out of a heterogeneous populace. Ebina has long advocated that the Christian forces of Japan should build on the official determination that the national shrines are merely for the promotion of national morality and in no seise religious. This idea that peculiar types of fascism emerge within a larger category of fascism occurs throughout models of generic fascism.

For a more general discussion of kokutai and ideology see Berger, Parties Out of Power in Japan. Particularly concerned about the question of native versus foreign influences on culture, the author came to a specific conclusion with obvious parallels to Japanese ideology. This word encapsulated his view of human error and depravity.

On the other hand since it is possible to establish doctrines with regard to the Shinto deities, it is necessary to permit freedom of belief in Shinto considered as a religion. Yo wa iyō naru Kanashimi wo oboeta. Sono hoka ni wa nanni mo kikanakatta.

### Yasukuni Shrine (Chiyoda)

Many responded with an alternative theory of the intellectual roots of fascism: irrationalism.

### ROMAZI NIKKI(啄木・ローマ字日記)

Some, like Herbert Spencer, applied the newly current theory to whole populations of people the so-called races and nations.
