Working

Under industrialization, the means of production and exchange that drive this process of expansion and change have created a new subordinate urban class whose fate is vitally tied to that of the bourgeoisie. Making the time and creating the space to listen is so much more than knowing what to say or do next.

The Question of Class Struggle: Social Foundations of Popular Radicalism During the Industrial Revolution: Calhoun, Craig: 9780226090917: satis.farmjournal.com: Books

Since authoritative roles are the differentia between classes, classes and class conflict also exist in communist or socialist societies.

Karl Marx (1818

Table 3 summarizes a few indicators related to these possibilities: more limits on spending and thus greater demands on saving; fewer employment benefits; and shorter planning horizons. They only knew the version of us that we let them see, the version that worked to keep them happy.

Practicing Community Class Culture and Power in an Urban Neighborhood By Rhoda H. Halperin

In the helix, the social space is transformed into a structure of conflict insofar as differential locations in the space define opposing attitudes. They are latent or manifest conflict groups arising from the authority structure of imperative coordinated organizations.
