3 overarching themes of the history of American higher education

It is the first budget to be agreed to by our divided government since 2009! It is reauthorized in 1998 and again in 2006 as the PL 109-270.

Education

So, too, is a faith in inevitable progress. Often misread as a defense of a narrow, moribund classical curriculum, the report in fact offered an alternative to a theologically- or classically grounded curricula and vocational or pre-professional training in favor of an education designed to nurture the architecture of the mind and to promote self-formation. Anti-Asian riots and pressure by groups such as the Asiatic Exclusion League resulted by 1923 in legislation to curtail Asian immigration including a closed door to the Chinese.

Major reviews of higher education through history

The new modern university emphasized graduate programs, including the study for and conferral of the doctor of philosophy degree or PhD.
