Pope Celestine III calls for a crusade against pagans of the Baltic.

Warfare in the Age of Crusades

Alexius would co-rule with his father as Alexius IV. After this Count Baldwin was taken to the Muslim city of Mosul, while Joscelin was taken to Hisn Kaifa, to Sokman, the son of Artuk; now it was Choktirmish who took Baldwin. John of Ibelin records in around 1170 that the military force of the kingdom of Jerusalem was based on a feudal host of about 647 to 675 heavily armoured knights.

Crusades: Definition, Religious Wars & Facts

After all this Maudud victoriously turned back and went to Harran; from there he returned to his country, laden with captives and countless booty. This formed part of a general increase in crusading activity, including in Iberia and northern Europe.
