## Resources

Protections from discrimination should include mechanisms for victims and their guardians to lodge complaints and receive rapid redress; these mechanisms should be publicly communicated. The Politics of Social Protection in Eastern and Southern Africa challenges the common conception that this phenomenon has been entirely driven by international development agencies, instead focusing on the critical role of political dynamics within specific African countries.

## Child marriage

Measuring Government Performance in Realising Child Rights and Child Wellbeing: The Approach and Indicators.

## Kenya: Realising Women's Rights Difficult for Africa's Fragile States

These will be outlined in a separate section.

## Family and parenting support

Children who do not have access to quality education often drop out of school and enter the workforce, particularly to supplement family income.

## What we do

The Knowledge for Children in Africa publication catalogue collects studies and reports that are being produced on the continent, representing the collective knowledge supported by UNICEF. But the situation of women and girls in Kenya's expansive West Pokot County, approximately 380 kilometres from the capital, Nairobi, is characterised by FGM, child marriages, and high maternal and child mortality rates.
