Our work is our service to other people. Carpenter serves as a Practitioner Fellow at Georgetown University's Kalmanovitz Initiative for Labor and the Working Poor.

### invisible hand

Condition 2 implies that the emergence of the system-level good s need not be part of the intentions of any of the individual agents, who may be pursuing strictly self-interested aims. Barber, The Principles of Constitutionalism Oxford: Oxford University Press, 2018.

### Liberalism and the Invisible Hand

Smith postulates that the existence of God makes human beings behave differently. The enlightenment was based on the idea that individual action with a high degree of political and social liberty creates a just society. Of course, this too is absurd.

Keynes inspired the formation of the International Monetary Fund. I believe Smith was driven by a true belief in the goodness of individuals coupled with an altruistic desire to discover a way government and individuals could interact in a political and economic way that would be society as a whole to equilibrium that maximizes the happiness of the individual. Jeffrey Seitzer Durham Duke University Press, 2008 , 221.

### **Adam Smith's invisible hand argument**

If others capture all the benefits of my participation in the system, why should that be good for me? Rather the works of Smith are about the role of work are in our society.
