## The Geographical Imagination of Annie Proulx: Rethinking Regionalism 9780739123959

Covering all of her novels and short story collections, scholars from the United States, Canada, and abroad engage in critical analyses of Proulx's new regionalism, use of geographical settings, and themes of displacement and immigration. Each contributor to this volume explores a different facet of Proulx's striking attention to geography, place, landscape, regional environments, and local economies in her writing. No obvious damage to the cover, with the dust jacket if applicable included for hard covers.

They not only offer important insights into all of Proulx's work, but a useful general introduction to current critical approaches to understanding literary representations of our relations to our environment. Brokeback Mountain as Progressive Narrative and Cinematic Vision: Landscape, Emotion, and the Denial of Domesticity Chapter 19 13. Handley Alex Hunt and the contributors he has brought together provide a valuable array of critical perspectives on one of the most significant aspects of the fiction of Annie Proulx, the human relationship to the land.
