Program Evaluation

Evaluation Reports: Interpreting and Communicating Findings. The Assessment of Need 7.

Program Evaluation Methods and Case Studies

The text focuses on the work of people who are closely associated with the service to be evaluated, and is designed to help program planners, developers, and evaluators to work with program staff members who might be threatened by program evaluation. Since retirement he has taught at the University of Rochester Simon Graduate School of Business , Rochester Institute of Technology, and Trevecca Nazarene University.

Program evaluation (1992 edition)

An overview of evaluation models. Common types of program evaluations. This brings together findings from many case studies to answer evaluative questions.

Program Evaluation Methods and Case Studies

Exploratory: This is also descriptive but is aimed at generating hypotheses for later investigation rather than simply providing illustration. Students are introduced to the need for such activities, the methods for carrying out evaluations, and the essential steps in organizing findings into reports. Using Experiments to Evaluate Programs 12.

Program Evaluation

Resources Guides The following guides are particularly recommended because they distinguish between the research design case study and the type of data qualitative or quantitative , and provide guidance on selecting cases, addressing causal inference, and generalizing from cases. Many terms are used to describe these approaches, including real time evaluations, rapid feedback evaluation, rapid evaluation methods, rapid-cycle evaluation and rapid appraisal.
