After the Spanish conquered the Philippines in the 1570s they mined for silver around the , greatly expanding the circulating supply of silver. This led to a change from Han majority to a Manchu majority within the Banner system, and previous Han Bannermen garrisons in southern China such as at Fuzhou, Zhenjiang, Guangzhou, were replaced by Manchu Bannermen in the purge, which started in 1754. The legal system could be inconsistent, and, at times, arbitrary, because the emperor ruled by decree and had final say on all judicial outcomes.

### Fei Qi Ming (费启鸣)

While each has its own place, in reality they are but a single thing.

### Qing dynasty

The defacement of this scenic beauty would probably provoke sadness in those of us with an eye for natural beauty.

### Hu Bing Qing (胡冰卿)

Han also numerically dominated the Banners up until the mid 18th century. They are reminiscent of the wagons of the Taborites in medieval Bohemia, who used them to counter heavily armoured knights. Through ethical cultivation, any human can clarify his qi, and thereby become more

virtuous.
