## Trump's assault on the environment is over. Now we must reverse the damage

. It is one of the most powerful artistic decries against fascism, and has been a point of contention throughout the years due to its strong, critical message.

## 10 Controversial Artworks That Changed Art History

In response to the coronavirus, the Foundation has created a £20 million Emergency Fund to provide additional support to some organisations already funded by the Foundation. The Road Trip Most of us can relate to the all-American experience of the road trip.

### Arts + Culture

Michelangelo's statue of David survived almost four centuries standing in the open air in the political heart of Florence, exposed to riots, wars and rain, before being moved indoors to the Galleria dell'Accademia in 1873. The plan calls for the new interior secretary to restore protections for migratory birds that could be killed by industrial development, eliminate the practice of shooting female grizzly bears in their dens in Alaska, and prevent the shooting of polar bears by private companies exploring for oil in the Arctic national wildlife refuge.

### How the Automobile Shaped America: Culture

All over the world, the town houses of the 19th century and earlier serve with varied grace in the 20th century as centres of modern industry and commerce. Despite Malta's rapid transformation into a strategic naval base during the , the influence of on Malta strengthened considerably throughout the 19th century. In other cases, the courts have ruled the Trump action as illegal, as in the replacement of the Clean Power Plan with one that did not protect air quality.
