**9780915190355**

See the turkey feather sticking out of it? The goal is to empower dyslexics so that they can fulfill their potential. Super easy to use and mostly effective. Tons of resources for helping struggling readers written by two educators with many years of experiences.

**9780915190355**

Includes extensive coverage of accommodations like speech-to-text software and digital books. In addition, all three of our children seem to favor the right-hemisphere for academics and in modes of consciousness, some much more than others. A good analogy is that of two separate, incredibly fast and immensely powerful computers, each running different programs from the same input, connected by a network cable, or the corpus callosum.

**Unicorns are real : a right**

Book titles, short synopses, authors' names, publishers, and years of print make up the bulk of the guide. Because We Care - Shipped from Canada.

**Unicorns are real : a right**
