## New Union Treaty

Note first that the Gini coefficient in the socialist camp was much lower than in most market economies — with a partial exception of the Nordic countries. This paper looks at those experiences and addresses the following questions: What happened? No situation can be presented in complete white or black. The Bolsheviks established a socialist state in the territory that was once the Russian Empire.

## Human rights in the Soviet Union

Russia is not communist today, but Russians did try to bring back communism and were thwarted by to get their man, the inebriate Boris Yeltsin, into the Federal Assembly. For example, if a person committed a crime, and the court admit his guilt, a person may be deprived of the right to freedom. The term of office of the Procurator-General of the USSR and all lower-ranking procurators shall be five years.

## Human rights

Thus Albania, Bulgaria, Czechoslovakia, Hungary, Poland and Rumania are by this definition satellite states. There is some evidence that oligarchies are stronger in countries that followed gradual and slow reforms.

## Soviet law

## Article 6 of the Soviet Constitution

But it certainly is the case that forced redistribution, in the name of utopian equality, is a cure to shame the disease. The parties to the treaty proceed on the basis that as the all-Union market develops, so the sphere of direct state management of the economy is reduced. Three of the basic factors identified in preceding paragraphs: a military intimidation, b penetration and c the Stalinist dogma are the root cause and the conditioning force of other mechanisms of Kremlin power and influence in the satellites.
