## Diplomacy and War

Guardian Africa expert Alex de Waal argues that foreign powers, in particular the US, UK, and France, dominate African conflicts, and that they have eclipsed traditional conflict resolution methods, discredited domestic in the eyes of citizens across Africa. Army air cavalry brigades to provide humanitarian relief to far remote villages in the mountain ranges of Pakistan stricken by a massive earthquake.

## The Greed versus Grievance Theory and the 2011 Libyan Civil War: Why grievance offers a wider perspective for understanding the conflict outbreak

In this article, independent scholar Diane Johnstone argues that the concept and language of genocide is being appropriated to justify interventionist policies by major powers.

## French Intervention in West Africa: Interests and Strategies (2013)

In one of the most bizarre conflicts of the 20th century, a dog inadvertently triggered an international crisis. Western considerations of the actions of Mubarak or Gaddafi or Assad etc.

## History Guy: Wars and Conflicts of the 21st Century

These engagements remain even after repeated promises by French presidents to loosen her ties with the continent. Branch explains how this lack of conceptual clarity is particularly worrying for the African continent, where three-quarters of the crises in which R2P has been invoked or applied.
