But it is also possible to say that, because the cut-up texts obstruct our conventional reading habits, our habits of thinking and reading are involuntarily forced to reorganize in our encounter with them. By employing concepts from this discipline, the cinematic aspects of the works may be examined without making assumptions based upon scanty evidence or using a reductive methodology. JAMES JOYCE INTRODUCTIONS

A review of his connections with the movies throughout his life reveal both his opinions about films and his relationship to them-not only as spectator and artist, but also as entrepreneur and negotiator. In his short book on modernism and technology, *The Mechanic Muse*, Hugh Kenner entreats us to study how literature relates to the environment in which it was conceived, that is, its social context. Among the writers explored during the course of her research were: William S.
