People in developed societies now take communication technology for granted.

What is Social Change and Why Should We Care?

Contributes to the population explosion 7. Many people, undoubtedly including most sociologists, regard greater tolerance as a good thing, but others regard it as a bad thing because they favor traditional beliefs and behaviors. Another way of saying this is that we have seen some of the ways in which societies change as they become more modern.

The Handbook of Development Communication and Social Change

Further, the Internet bought us information, but at a cost. For example, the industrialization of society meant that there was no longer a need for large families to produce enough manual labor to run a farm.

The Social and Historical Impact of Christianity

It will also be useful for those in other management and senior management roles to understand the work involved in effectively engaging volunteers. And if we are willing to do that, we can find those points of agreement and come together on them. However, sudden social change is undesirable because it disrupts this equilibrium.
