## EU Biodiversity strategy for 2030

Also represented are city and district councils, central government agencies, research and conservation organisations, Te Rūnanga o Ngāi Tahu, non-governmental organisations, and landowner, industry and community groups. The Caribbean Biodiversity Strategy is expected to expand areas of consideration in the Draft Community Environment and Natural Resources Policy Framework and Action Plan, by placing specific emphasis on biological resources.

## EU Biodiversity strategy for 2030

Lend your environmental experience to this process.

## Canterbury Biodiversity Strategy

A core part of the , it will also support a green recovery following the Covid-19 pandemic. Our biodiversity is in decline. The CBS is an output under the Caribbean Hub sub-component of Phase II of the Programme for Capacity-Building related to countries.

## Biodiversity strategy for 2030

By investing in Keeping Nature in our Future we can help to protect our rich natural assets as a legacy for future generations. Fencing and planting your streambeds, also known as riparian margins, have substantial benefits for you and the environment.

## Wellington Regional Biodiversity Framework

Wildlife and natural areas in the Okanagan region are in trouble because of impacts from our towns and cities, agriculture, and other human activities on the land and water. The CBS is an output under the Caribbean Hub sub-component of Phase II of the Programme for Capacity-Building related to Multilateral Environmental Agreements MEAs in African, Caribbean and Pacific ACP countries.

## Wellington Regional Biodiversity Framework

If individuals sign up, they are listed with the name of the group they are affiliated with where applicable, but this does not necessarily represent the views of their organisation. To reach this point it, is necessary to specify the short to medium-term actions, which may be updated as new scientific and technical advances occur.
