## The Travels of Ibn Battuta, A.D. 1325

The account of the court of the Sultan at Delhi is as exciting as anything of the kind I ever read. This is a new print-on-demand hardback edition of the volume first published in 1962. There are detailed descriptions of the towns on the way and the customs of the inhabitants.

## The Travels of Ibn Battuta, A.D. 1325

The index to all four parts is provided in Second Series 190. Those studies qualified him for judicial office, whereas the claim of being a former pupil of the then-outstanding authorities in traditional Islamic sciences greatly enhanced his chances and made him thereafter a respected guest at many courts.

Continued from Second Series 141, with continuous pagination. This volume continues with his journeys through Persia, Iraq and Arabia, Asia Minor and South Russia with detailed descriptions of the towns on the way and the customs of the inhabitants. His journeys are estimated to have covered over 75,000 miles and he is the only medieval traveller known to have visited every Muslim state of the time, besides the 'infidel' countries of Istanbul, Ceylon and China.

## The Travels of Ibn Battuta, First Edition

The first two volumes recorded Ibn Battuta's earliest journeys through Tunisia, Egypt, Syria, Arabia, Persia, Iraq, Asia Minor and South Russia. This volume continues with his journeys through Persia, Iraq and Arabia, Asia Minor and South Russia with detailed descriptions of the towns on the way and the customs of the inhabitants. May show signs of minor shelf wear and contain limited notes and highlighting.
