## North vs. South: Prelude to the American Civil War

Increasingly, economic progress depends on strong diplomatic ties, and diplomatic progress depends on strong economic ties. Regional trade agreements are between countries in a specific region. At harvest time the sharecropper received a share of the crop from one-third to one-half, with the landowner taking the rest.

## US Regional Trade Agreements: Summary, Examples

Northern shippers purchased slaves using , made in New England from cane sugar, which was in turn grown in the Caribbean. For example, the United States will be deploying littoral combat ships to Singapore, and we are examining other ways to increase opportunities for our two militaries to train and operate together.

## Chapter 1. Attitudes toward the United States

They attempted to keep families together as well as hoping for predictability, which made everything run smoother. Only about a quarter of white Southern families owned slaves, and most of those held five or fewer. Slavery had died out, replaced in the cities and factories by immigrant labor from Europe.

## Chapter 3: Federalism and the Separation of Powers

Other scholars point to a common language and history—most obviously the struggle for independence in the late 18th century—and other shared characteristics. Washington and others have repeatedly called for Beijing to clarify its stance on the 9DL and should continue to do so. Without them, China is placing unnecessary limitations on its own development.

## America's Security Role in the South China Sea

In 1850, an attempt was made to resolve the issue. There were no large cities aside from New Orleans, and most of the ones that did exist were

located on rivers and coasts as shipping ports to send agricultural produce to European or Northern destinations. Opinions are divided in Asia.
