Affectionless psychopathy occurs when attachment is disrupted. This causes them to be able to make sure that the action or feeling triggers which occur when there is a lack of attachment are not experienced. Both the active fight-or-run response and passive collapse of the body and spirit are on at the same time.

**Attachment and Human Survival : Green, Marci, Scholes, Marc: satis.farmjournal.com.au: Books**

Psychology Of Stuck Freeze Survival Response Up until now, we have focused mostly on the behaviors of a preconditioned and stuck freeze survival response, but as Kline brings up, the trauma also becomes imprinted in the brain and spirit.

**Attachment and Human Survival : Green, Marci, Scholes, Marc: satis.farmjournal.com.au: Books**

All humans are born with an innate psychological and biological need to receive consistent nurturing from parents. When insecure, we may go on seeking safety throughout our lives, in inappropriate and painful ways.

## Stuck Survival Responses in Attachment Trauma

A person may have high attachment anxiety if she worries a lot about being abandoned or uncared for.

## John Bowlby's Attachment Theory Explained

It is so easy to quickly move on to the next thing, but the most important thing is just sitting with them and be an emotional or physical presence until they are fully present and calm again. This creates resistance toward the attachment figure in an attempt to return anger with anger. My goal is to help you take charge of your trauma so you can recognize and have the tools you need to be your greatest advocate.

## Attachment and Human Survival

It is very common to hear children with Attachment Disorder talk about hating themselves, hating you, killing themselves, or more often, killing you. Monographs of the Society for Research in Child Development.

### **Attachment Trauma & Relationships**

As they grow older, they will also reject the figure and encourage further avoidance.

### **John Bowlby's Attachment Theory Explained**

This type of anger often shows up as a tendency to hurt people and animals who are smaller and more vulnerable, in which they are able to feel like the powerful one in the relationship.
